

Baseball Performance Analysis

Microsoft Excel FORMULAS & FUNCTIONS

Prepared by: Sabbir Hossain

Dataset Overview

The Performance Report evaluates player batting performance using key metrics, including Runs, Hits, Home Runs, RBI. The report highlights the league's top offensive contributors and identifies players who consistently generate scoring opportunities. These insights support player evaluation, lineup optimization, and strategic decision-making by helping coaches recognize high-impact offensive performers..

Best hitters

Player	Year	Position	Games	Hits	HR	RBI	Putouts	Assists	Errors	DP	Performance
canoro01	2010	2B	160	200	29	109	341	432	3	114	Very Good
